LIGHTING SYSTEMS

YOUR **COMPLETE** LIGHTING SOLUTION

INTEGRATION | SALES | PRODUCTION | RENTAL | SUPPLIES | REPAIR

ABOUT VINCENT LIGHTING

Founded in 1978, Vincent Lighting Systems (VLS) offers you complete solutions for any type of entertainment or architectural lighting needs.

INTEGRATION VLS collaborates with lighting specifiers and end users to help design new intelligent lighting systems that contain the latest in relevant lighting technology. We integrate systems that utilize third party controls for items such as audio-visual equipment, building management and many others.

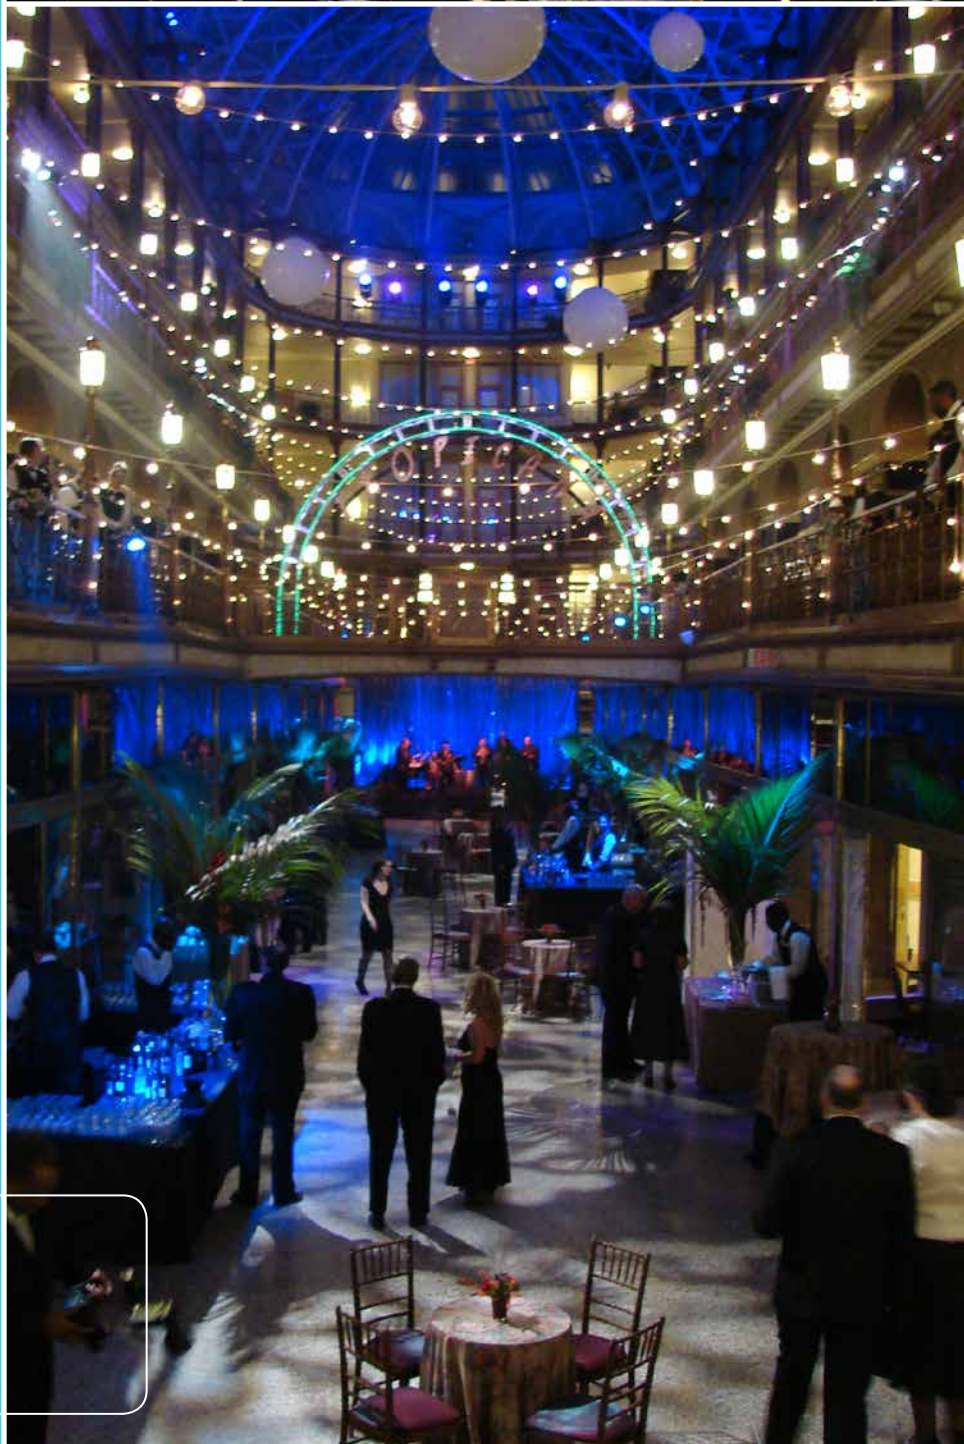

SALES If you are building a new theatre, performing arts center, auditorium, sanctuary or studio – or renovating an existing one – we can provide you with professional guidance. With selections from over 100 manufacturers, our knowledgeable team will supply you with the right equipment and controls.

PRODUCTION Whether you need a simple area lit for an event – or a complete change of atmosphere – our experienced, courteous design team can work with you to provide an amazing lighting experience for your next party, wedding or corporate show.

RENTALS Count on our rental house, the largest in the Midwest, to fulfill all of your temporary lighting needs. Our well-maintained inventory is regularly updated to offer the latest entertainment and special event lighting.

SUPPLIES With a large in-stock inventory of popular expendables, and an easy-to-use web store, you can rely on us to have lamps, fog fluid, patterns, scenic paint and rolls of tape for same-day pickup or shipping.

REPAIR VLS is an authorized service center for many of the products and lighting systems we sell. Factory-trained technicians are available to assist you for equipment repair, field service, training and system programming.

WHY CHOOSE VLS?

SUPERIOR SERVICE You have just one chance to get a show right; we are committed to delivering reliable lighting on-time with superior service. From far-range planning to meeting a critical last-minute deadline, VLS strives to provide the best products and services to meet our customers' needs at all levels, every time.

LONGEVITY Since our beginnings in 1978, VLS has provided lighting and control systems, entertainment products, rental and production services, as well as repair and training for thousands of customers and venues nationwide. Our 50-person team has logged more than 500 years with the company; that averages over a decade per employee!

EXPERIENCED The staff at VLS is well-trained in lighting design, live shows and electrical systems. Our team consists of ETCP-certified technicians in both electrics and rigging. Our Service technicians are factory-trained on the equipment we sell, and we are an authorized service center for several major manufacturers.

DIVERSIFIED VLS offers a full range of services, to cover the gamut of your lighting needs. Whether you need a new lighting system, lighting design for a project or event, supplies or rental gear to supplement your inventory, repair or training on your fixtures or system, you can rely on us.

VIGILANT Your safety is of utmost importance to us. We are a recognized employer of ETCP-certified personnel; our staff knows how to safely work with electricity and rigging. VLS is a long-time member of PLASA, which ensures companies operate ethically and efficiently. We are also a member of the Event Safety Alliance, to make sure our systems and actions adhere to strict guidelines, to ensure a safe event for all.

FULLY INSURED

WWW.VLS.COM

WE OFFER **ALL THE LIGHTING PRODUCTS AND SERVICES** FOR YOU

SYSTEMS INTEGRATION

VLS collaborates with lighting specifiers and end users to help design new intelligent lighting systems that contain the latest in relevant lighting technology.

- VLS examines the objectives and intended use of the venue, to determine the best system for the space.
- We integrate systems that utilize third party controls for items such as audio-visual equipment, building management and many others.
- Our dedicated project management team will help to establish all project documents and coordinate with other parties to ensure a professional, complete solution and a smooth installation. These documents can include product data sheets, project specifications and control riser diagrams.
- We provide professional guidance and site surveys during the installation process and can conduct onsite training for proper programming, maintenance and operation of the system.

"I REALLY APPRECIATE YOUR QUICK SHIPMENT AND THE VALUABLE INFORMATION THAT YOUR TECHS PROVIDED. I learned more about how this system works."

- Adam Zarzyski

EQUIPMENT SALES

VLS offers products from a variety of manufacturers. Whether you need a single lamp, want to add LED fixtures to your inventory, or need a new lighting rig, we can accommodate you.

- Selections from more than 100 manufacturers gives you a variety of choices to meet your exact needs.
- Knowledgeable team members are available to take your orders; we have been road-tested and know what it takes to get a production off the ground and to meet challenges on a limited budget.
- Our desire to keep customers for life means that we are going to find short- and long-term solutions, not just fill an order. We have a wide range of resources; we'll help you find what you need, even if we don't sell it.
- Looking to update your inventory with energy-efficient LED fixtures? Consult our team for ideas and options.

"YOU FOUND EXACTLY WHAT I NEEDED, and they arrived days before I expected. Thank You!"

- Brett Harris

PRODUCTION SERVICES

VLS offers a full range of services, from design concept to delivery, set-up, operation and removal. Our team can fulfill your designs, or work from scratch to develop your vision.

- Our well-maintained rental inventory is large and includes the latest entertainment and special event lighting technology.
- Whether you need a single area lit, or a complete change of atmosphere, we can work with you to provide the right lighting for your event.
- We employ ETCP-certified technicians in both rigging and electrics. In addition, we are members of the Event Safety Alliance and are fully insured.
- Our technicians are professional, courteous and will communicate with you through each step of the event, to make sure the lighting meets your expectations.
- When unexpected challenges occur, our team handles them smoothly and professionally.

"Your lighting was fantastic both inside and outside. [Your tech] was so easy to work with, so professional and a true asset to Vincent Lighting. He not only **MADE THE PLACE LOOK AMAZING, BUT HE WAS ALSO SO ACCOMMODATING.**"

- Mary Winchester

RENTAL HOUSE

Count on our rental house, the largest in the Midwest, to provide you with temporary equipment. Our well-maintained inventory is regularly updated to offer the latest in lighting, truss, power distribution and more.

- Choose from a wide variety of fixtures, movers, automated lighting, control boards, dimmer packs and racks, power distribution and special effects, as well as generators, rigging and truss.
- Our rental equipment is backed by the support of our knowledgeable team members, who are well-experienced in lighting a variety of shows and events.
- When you rent equipment from us, you have access to a technical team member 24/7 via an emergency voice mailbox. Calls are returned within 30 minutes.
- The diversity of our lighting, rigging and power distribution inventory means that you'll have the right equipment for your show and venue; not too much, not too little.

"THE QUALITY OF THE EQUIPMENT, ITS RELIABILITY AND VINCENT'S CUSTOMER CARE IS UNMATCHED.

You guys are the best."

- Quentin Quinn

IN-STOCK SUPPLIES

With a large in-stock inventory, and an easy-to-use online store, you can count on VLS to have supplies ready for fast shipment or pickup.

- You can purchase tape, paint, gel, lamps, connectors, gobos, frames, gloves, tools, templates and more, through our product department or online store.
- Our selection of products is immense, and our prices are competitive, to help you keep within budget.
- Have a mysterious lamp? Contact our Product department. We can help you figure out what you need to order.
- Our knowledgeable staff can make recommendations for products or equipment to help you achieve a challenging special effect.
- For approved accounts, you can purchase from our website using purchase orders. Contact our Product department to set up your account.

"VERY CONVENIENT NEW WEB SITE.

Now I can order at my usual time of midnight."

- Thomas Brubaker

REPAIR & TRAINING

VLS is an authorized service center for many of the products and lighting systems we sell. Factory trained technicians are available to assist you for equipment repair, field service or system programming.

- We maintain a large parts inventory and the diagnostic equipment to perform fast, efficient service.
- Factory-trained technicians are able to troubleshoot and repair a wide range of lighting control systems and equipment, in-house and onsite.
- We are a Warranty Service Center for ETC, Philips Strand Lighting, Philips Vari-Lite, Strong, Lycian, Leviton and more.
- Contact us for details on a preventative maintenance program, to keep your lighting control systems and equipment running in top condition.
- System and console training is available at our offices or onsite, to help your team learn how to properly operate your lighting system and controls.

"Your expertise with the lighting system helped me a lot! **YOU REALLY KNOW YOUR STUFF!**"

- Lynda Matusek
